

**REPUBLIC OF KENYA**

**BARINGO COUNTY GOVERNMENT**

**THIRD QUARTER 2017/18 BUDGET IMPLEMENTATION STATUS REPORT**

**AS At 31<sup>ST</sup> March, 2018**

## **Foreword**

It is with great pleasure that we present to you the third quarter budget implementation report for the financial year 2017/18 under the new administration. This report provides information and achievements of various departments and entities of the County Government. It also highlights the performance of both recurrent and development expenditures by the county departments and other entities.

This report is prepared in accordance with the requirements of Section 166, Sub-Section 4(a, b) of the Public Finance Management Act, 2012 which states that: the county treasury shall consolidate all the quarterly reports from County Government entities and submit them to the County Assembly and deliver copies to office of the Controller of Budget, National Treasury and the Commission on Revenue Allocation (CRA).

The report appreciates both the financial and non-financial performance of each department and sections as well as governance aspects of the county government. In order to have successful implementation of budget by the County Government, there is need to put in place strong social and accountability systems.

I have no doubt the report will be useful in gauging the budget implementation of the departments and improvement of efficiency and effectiveness in public financial management. This report is intended to create awareness in budget implementation among all the stakeholders.

The report is intended to inform stakeholders, policy makers, analysts and members of the public on the progress made in implementation of FY 2017/18 County Government budget. I take this opportunity to urge all citizens to take interest in public financial management matters. This information is expected to provide a reliable source of information for planning, policy formulation, monitoring and evaluation processes. The data contained in this report will, therefore, enable data users to gauge the performance of the county.

In particular, I urge stakeholders to actively scrutinise this report in order to take necessary action towards enhancement of transparency and accountability in the management of public resources as enshrined in the constitution and PFM Act, 2012. This will go a long way in providing feedback towards efficient and effective service delivery and attainment of the County Government's objectives.

## The County Profile

1. Baringo County Government is one of the 47 counties in Kenya. It is situated in the former Rift Valley region. It borders Turkana and Samburu counties to the North, Laikipia to the East, Nakuru and Kericho to the South, Uasin Gishu to the Southwest, and Elgeyo-Marakwet and West Pokot to the West. It is located between longitudes 35 30' and 36 30' East and between latitudes 0 10' South and 1 40'. The Equator cuts across the county at the southern part. Baringo covers an area of 11,015.3 sq. km of which 165 sq. km is covered by surface water- Lake Baringo, Lake Bogoria and Lake Kamnarok.
2. The population size of Baringo County in 2009, according to the Population and Housing Census, was 555,561, consisting of 279,081 males and 276,480 females. The population is expected to be approximately 678,639 in 2016 with a censual rate of 3.3 per cent. It is a County predominantly inhabited by the Tugen community in the five sub counties and the Pokot community in one Sub County among others. The Ilchamus, Turkana, Kikuyu, Nubians and Endorois communities are the minorities in the county among a few other sub-tribes.
3. The County has a total road network of 2887.80 Km, with Class D, E, G, R and U having 339.22km, 1810km, 20.85km, 185.11km, and 557.37km respectively. New ongoing tarmac road has been constructed between Loruk and Barpello .The roads are mainly earth and mixed type which usually makes them impassable during the rainy season. This impedes livestock marketing and other farm produce which is the main source of livelihood for majority of people in the County.
4. As at 2012 Baringo County had 656 primary schools with total enrollment of 143,017 pupils, 125 Secondary schools with a total enrolment of 27,374 students, 12 youth polytechnics, and 1 public teacher training college, one technical training institute, six commercial colleges and three university campuses.
5. In tourism sector, the main tourists' attraction sites include national parks and reserves, which include bubbling waters, hot springs, gushing geysers, flamingos and ostriches are among the major attractions in Lake Bogoria and Kapedo hot springs. Other wildlife includes tortoises, large aquatic and terrestrial game. There is also huge potential for private/community conservancies as well as cultural and agro-eco-tourism. Baringo County boasts of high class tourist resort centres, among them Lake Bogoria Spa Resort and Papyrus Inn hotels. Endorois cultural dancers entertain tourists visiting the lake.
6. At the year 2012 the County had 234 health facilities: County Referral hospital (1), sub-county hospitals (5), dispensaries (156), health centres (19), medical clinics (2) and others (2). The infant mortality rate is 63 per1000.

## **County's Shared Vision and Mission**

### **Vision**

To be the most attractive, competitive and resilient county that affords the highest standard of living and security for all its residents.

### **Mission**

To transform the livelihoods of Baringo residents by creating a conducive framework that offers quality services to all citizens in a fair, equitable and transparent manner by embracing community managed development initiatives for environmental sustainability, adaptable technologies, innovation and entrepreneurship in all spheres of life.

## **Physical features**

### **Topography**

Baringo varies in altitude between 3000 meters above mean sea level at its highest points and nearly 700 m above mean sea level at its low points.

### **Water bodies**

The floor of the Rift Valley owes its origin to the tectonic and volcanic disturbances, which have dislocated surfaces, forming separate ridges. The troughs of the rift that have a north-south alignment are occupied by Lake Baringo and Bogoria, which occupy 164km<sup>2</sup>. Lake Bogoria is particularly spectacular because it is one of the few hot water lakes in the world. Lake Kamnarok covers 1km<sup>2</sup>.

### **Ecological conditions**

Exotic forests exist in the county but the known indigenous forests are found in Kabarnet, Kabartonjo, Tenges, Lembus, Saimo, Sacho and Ol' Arabel and Eldama Ravine. The County is classified as arid and semi-arid. Most parts of Tiaty, Baringo Central, Baringo South, Baringo North, Mogotio sub-counties are arid and semi-arid except for Koibatek sub-county, which is in a highland zone.

### **Climatic conditions**

The rainfall varies from 1,000mm to 1,500mm in the highlands to 600mm per annum in the lowlands. Due to their varied altitudes, the sub-counties receive different levels of rainfall. Administrative and political units

### **Administrative units (sub-counties, wards, locations)**

The county is made up of six sub-counties namely: Mogotio, Eldama Ravine, Marigat, Baringo Central, Baringo North and Tiaty. The sub-counties are further divided into 30 wards (divisions) and 116 locations. Table 1 shows the administrative units in Baringo County.

## Overall Budget Outlook and Implementation Report

### Chart 1: Approved Supplementary Budget FY 2017/18

The report provides the status on budget implementation for the County Government amounting to Kshs 6.959 Billion from Kshs 6.642 as reported in the first and second quarters. The increment of Kshs 317 million was due to increment of equitable share and conditional grants as factored through supplementary budget.

During the quarter, the county received total revenue of Kshs 1.482 Billion to finance both recurrent and development expenditure. This comprised equitable share of Kshs 1.397 Billion, local revenue of Kshs 78.377 million and Kshs Grants and donations of Kshs 6.685 million.

Target for annual local revenue was revised downwards from Kshs 450 million to 350 million during supplementary budget. The downward revision of the revenue was advised by the revenue trends and general adverse national economic growth. The revenue target for the quarter was Kshs 92,372,300 but the county managed to collect Ksh78, 377,031million as compared to Kshs 71,0993,883 million for the same period in 2016/17 financial year.

Local Revenue during the quarter increased upwards i.e. Kshs 71.99M in 2016-2017 to Kshs 78.37M. This was due implementation of the revenue system, stringent supervision and aggressive revenue collection and low political temperatures in the county and the country at large.

Notable and outstanding sources of local revenue remain to be health facilities through Facility Improvement Fund followed by Single Business Permit and Markets fee. The Game Park Fee melt downwards as it is a seasonal source of revenue. Other sources that recorded low revenue collection were Marigat AMS, Koibatek ATC and public health. The relevant entity should expand revenue sources to bridge the financial gaps and seal the leakages for prudent financial management.

Equitable share continues to top the county's' main source of revenue in funding its development and recurrent expenditures as it contributed 91% followed by the local revenue at 6% with the support grants funding 3% of the budget.

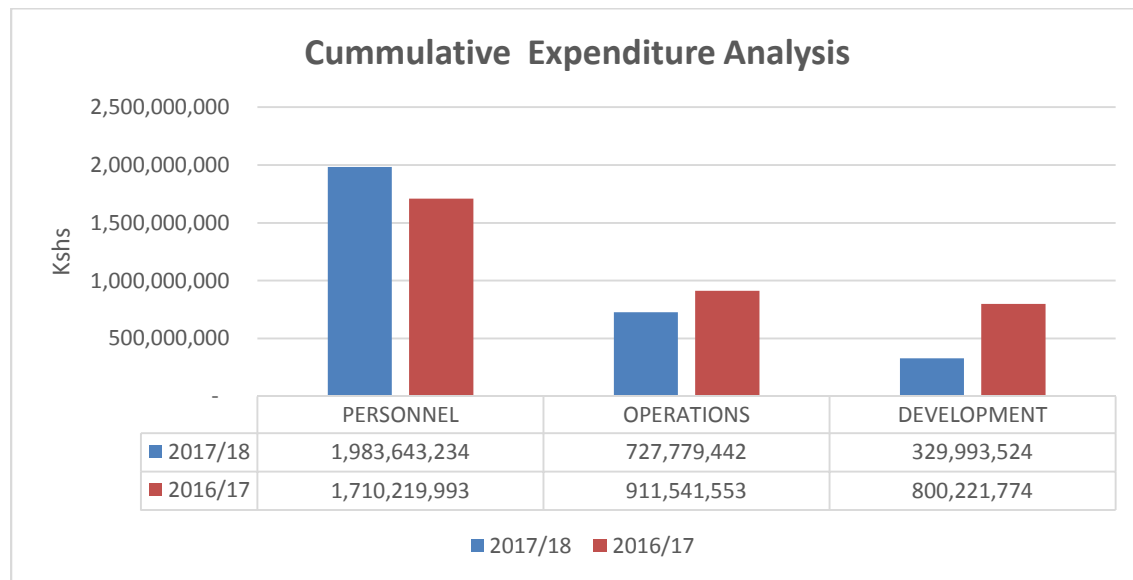

Total Bank balances as at the end of the review period was Kshs 915.82M comprising of Baringo County Revenue Fund Account of Kshs 698.65M Baringo County Development Fund Account Kshs 108.24M, Baringo County Recurrent Fund Account was Kshs 19.04M, Grants account balances was Kshs 70.11M and Kshs 91,369 from County Assembly recurrent account.

During the quarter, total expenditure for both recurrent and development was Kshs 1.237 Billion . This composed of recurrent expenditure of Kshs 1.060 Billion and development expenditure of Kshs. 177.57 Million. The slow growth in development expenditure absorption will eventually affect the annual absorption rate and thus decline in capital projects.

Overall total expenditure decreased by Kshs 380.56M from Kshs 3.42 Billion in 2016/17 financial year to Kshs 3.04Billion in 2017/18 financial year. Overall absorption rate was 44% of the total budget as compared 52% in the same quarter in the year 2016/17.

Personnel emolument expenditure for the quarter under review was Kshs 666 Million whereas Kshs 394Million was spent on operations and maintenance. The overall development expenditure during the quarter under review was Kshs 177.57Million.

**Chart 3: Comparative Expenditure Analyses**

From the above chart, Personnel emoluments are skyrocketing and measures are needed to tame to sustainable levels in compliance with Regulations 25(1) (b) of the Public Finance Management (County Governments) Regulations, 2015. Cumulative Expenditure includes - personnel emoluments 65% while operations and maintenance accounts for 24 % and Development expenditure was 11%.

Overall absorption on the budget shows that recurrent has hit 66% mark while development is at 12% indicating a total of 44% absorption rate on the budget.

## Sub Sectors Budget Implementation Analysis

### A. County Assembly

Baringo County Assembly was established along with other 47 county Assemblies to represent the people and ensure government by the people under the Constitution, as well as represent the 30 Wards in the County government. Thence the Assembly has a responsibility to ensure that the public participate in democratic processes by understanding the role of Parliament and their involvement in its processes

## **Role of Baringo County Assembly**

The role of the county assembly is derived from Article 185 of the New Constitution of Kenya, which include;

- (1) The legislative authority of a County
- (2) Making any laws that are necessary for or incidental to, the effective performance of the functions and exercise of the powers of the county government under the Fourth Schedule
- (3) While respecting the principle of the separation of powers, The County Assembly may exercise oversight over the county executive committee and any other county executive organs.
- (4) The County Assembly may receive and approve plans and policies for;
  - (a) The management and exploitation of the county's resources; and
  - (b) The development and management of its infrastructure and institutions

The other roles of the county assembly can also be derived from the County Government Act, Part III Article 8 include;

- a) Vetting and approving nominees for appointment to county public offices as may be provided for in this Act or any other law;
- b) Performing the roles set out under Article 185 of the Constitution;
- c) Approving the budget and expenditure of the county government in accordance with Article 207 of the Constitution, and the legislation contemplated in Article 220 (2) of the Constitution, guided by Articles 201 and 203 of the Constitution;
- d) Approve the borrowing by the county government in accordance with Article 212 of the Constitution;
- e) Approving county development planning; and
- f) Performing any other role as may be set out under the Constitution or legislation.

## **Vision**

To be a model, independent, competitive, and development oriented County Assembly in Kenya.

## **Mission**

To promote the principle of good governance through legislation, oversight and representation to reflect the interest, welfare and aspiration of the people of Baringo County.

## **Objectives**

- a) To facilitate efficiency in the management of the county assembly function of legislation, oversight and representation

- b) To improve service delivery in the Assembly through increased productivity of the Human Resources
- c) To improve member's and staff capacity through training, seminars, conferences and benchmarking
- d) To Coordinate and implement Legislative, oversight and representation function

### Expenditure Trends and Analysis

In 2017/18 financial year, the County Assembly was allocated Kshs. 726.96M after supplementary budget to finance both Recurrent and Development expenditure. Of this allocation, Kshs 676.21M and Kshs 50.74M was for recurrent and Development respectively. This shows an increase of Kshs 102 M from the previous year of Kshs 573.77M while development allocation reduced from Kshs 66.74 M to Kshs 50.74M. There was decline in Operations and maintenance from Kshs 324.20M to Kshs 228.14 M in the three quarters as compared to the previous year. The assembly used Ksh 77.71M for compensation to employees.

- b) To provide leadership in the county's governance and development
- c) To promote public policy formulation and implementation

d) To mitigate and ensure preparedness against disasters in the county

### Expenditure Trends and Analysis

In the financial year 2017/18 the departments approved budget was Kshs 495.73 M for both recurrent and development expenditures. This was revised downwards through supplementary budget to Kshs 452.54M. Of this allocation recurrent increased from Kshs 366.88 to Kshs 417.36M and development reduced from Kshs 128.84 M to 35.18 M. This was due to change of priorities i.e. introduction of car loan and mortgage and introducing of new budget in the office of the deputy governor.

The development budget was further readjusted by reconsidering the establishment of sub county offices in the next budget.

The recurrent allocation increased from Kshs 393.63 M in 2016/17 financial year to Kshs 417.36 M in 2017/18 financial year. The recurrent expenditure during the quarter was Kshs 67.11 M as compared to Kshs 103.35 of the previous quarter of FY 2016-2017. Development expenditure for the quarter under review was Kshs 3.63M as compared to Kshs 5.77M in the same quarter in the previous year. The overall cumulative absorption was 44 %.

## **County Public Service Board**

### **The County Public Service Board's Composition, Objectives and Functions**

Article 235 of the Constitution requires every county to be responsible for the establishment of a public service in accordance with uniform norms and standards prescribed by an Act of Parliament. Accordingly, section 57 of the County Governments' Act establishes a Public Service Board for every county. The Board comprises of Chairperson, not less than three and not more than five members and a Secretary, all of whom are nominated and appointed by the Governor with the approval of the County Assembly. The current Board was thus established under this legal framework.

County Public Service Boards (CPSB) are devolved governance units established for the purpose of establishing and managing professional, effective and efficient public service to enable the county governments achieve the objectives of devolution.

The powers and functions of a County Public Service Board are set out in section 59 of the County Governments Act and relate to public officers in the County Public service. The powers do not extend to include and cover the Governor, Deputy Governor, Members of the County Executive Committee and the Members of the County Assembly.

Broadly, a County Public Service Board is, responsible for:

- ❖ Establishing and abolishing offices in the county public service;
- ❖ Appointing persons to hold or act in those offices, and confirming appointments;
- ❖ Providing for the organization, staffing and functioning of the county public service in ways that ensure efficient, quality and productive services for the people of the county,
- ❖ Advising the county government on human resource development and management and utilization that best enhances service delivery by county public service institutions;
- ❖ Providing for human resource management and career development practices to address staff shortages and barriers to staff mobility
- ❖ Facilitating the development of coherent, integrated human resource planning and budgeting for personnel emoluments in counties;
- ❖ Making recommendations to the Salaries and Remuneration Commission, on behalf of the county governments, on the remuneration, pensions and gratuities for county public service employees; and
- ❖ Exercising disciplinary control over and removing persons holding or acting in those offices;
- ❖ The CPSBs responsibility is also to promote, in the county public service, the values and principles set out in Articles 10 and 232 of the Constitution.

#### **Vision**

To be a benchmark for a high performing, dynamic and ethical public service in Kenya

#### **Mission**

To transform the county public service to become professional, efficient and effective for the realization of county and national development goals

#### **County Public Service Board Governance**

##### **Board Governance Structure**

Baringo County Public Service Board (CPSB) came into inception in early August 2013 but started its operations from 1st of September 2013. The Board is comprised of seven Board members one of whom is the Secretary. The Board is assisted by a team of 6 members of the Secretariat.

### Administrative Services and Revenue Management Unit

PFM Act, 2012 section 165(1) (2) (3) mandates the receiver of revenue to prepare an account in respect of the revenue collected, received and recovered by the receiver on quarterly and annual. As defined in our service charter the key mandate of county treasury is to mobilize resources for funding

the budgetary requirements of the county government and putting in place mechanisms to raise revenue and resources.

The major sources of revenue for Baringo County are tourism; land rates, single business permit, market fees, and produce cess and hospital user charges among others.

During the third quarter, financial year 2017/2018 total of Kshs 1,482,439,759 was received as revenue to finance the county government budget. National Government equitable share was the largest proportion of this revenue amounting to Kshs 1,397,377,470 representing 94% of that receipt, local revenue amounted to Ksh 78,377,031 representing 5% and grant/donations amounted to Kshs 6,685,258 representing 1% received in the third quarter of the financial year 2017/2018.

The contribution of the local revenues towards the overall budget had a positive improvement during this period compared to other financial years.

## Major achievements for the period under review

### Strategic objective 1. Eliminating communicable conditions

HIV testing is provided in all the Public Health facilities and private facilities in the County -200 Health facilities. Total tested in the quarter -21554, Total tested positive – 240, Positivity 1.1%

ART care & Treatment is done in order to improve the health outcomes and well-being of people living with HIV. ART care and treatment is provided in 42 health

facilities in the County. Total number enrolled into ART care and treatment in the quarter reported -114, Total currently on ART care and treatment -3,335.

The numbers of TB cases investigated in Mogotio were 68, 7 were diagnosed & treated.

### **Strategic objective 2. Halting and reversing the rising burden of non-communicable conditions**

In Kabartonjo hospital, Diabetes cases managed were 27, Hypertension cases managed were 37, drugs for Diabetes include Metformin and Glibenclamide. Drugs for Hypertension include Enalapril, HCTZ, Adalat, Atenolol and Aldomet. These were all available during the quarter.

### **Strategic objective 3. Reducing the burden of violence and injuries**

Public health law enforcement on mosquito control...0, food control...67, housing...0, construction work...3...., sanitation.....132....., pollution control...0... and communicable diseases.....0. The number of intimidation notices served were 261, Statutory notices served 76, cases prosecuted 2, statutory notices complied 115, cases withdrawn 1, cases acquitted 1, cases convicted 0. The 18 notices served were given recommendation and time was added to comply. The number of food premises existing is 802, those inspected were 797, while those licensed were 700.

### **Strategic objective 4. Minimizing exposure to health risk factors**

During the quarter, some health workers were trained on Emergency maternal obstetric care with support from World Bank. This enabled them to be able to handle obstetric emergencies while at work.

Kenya Expanded Program on Immunization (KEPI) trained the health workers to give an update to health care workers on new policy guidelines and the changes that have taken place in EPI since 2004 when the Last update was conducted by the national vaccine and immunization program. This training also aimed to ensure uniform implementation of immunization and address challenges that health care workers may have in relevance to immunization and to improve our immunization coverage that has remained low.

Training on long acting FP methods was also conducted with the aim of helping to demonstrate competency in insertion and removal of IUCD and implants and how to counsel clients as well dispelling misconceptions and rumours.

## **Strategic objective 5. Providing essential health services**

During the quarter, the department, with the support of Afya Uzazi a development partner, developed a policy in Human resource for health. This involved preparing job descriptions for 18 major cadres in a consultative forum.

With officials from Liverpool School of Tropical Medicine, the department held a workshop with a focus on understanding the quality of care in postnatal care. Provider perspective and Client perspective was determined on the understanding of Quality of care.

The number of women of reproductive age receiving family planning increased from 16,802 to 20,467. This is important, as it will enable better spacing of children resulting in better health for the mothers and the babies. The number of deliveries conducted in health facilities increased from 3212 to 4538. This means more women are able to be attended by skilled attendants, improving outcomes in case of any complications.

Immunization numbers declined as a result of the strike. Other challenges included inadequate refrigerators for storage of vaccines. The department started the process of preparing a volunteerism policy on how to engage more staff to cushion on overstretched health workforce.

Laboratory department: Reagents worth Ksh. 3,083,160 bought by the county government and distributed to all the 34 labs in the county.

TB quarterly data review meeting was done. HIV rapid diagnostic tests were distributed to 72 facilities in the county. Some of the challenges include acute shortage of laboratory staff, lack of modern diagnostic machines in the 6 sub county hospitals, challenges in compiling and sending reports on time and low allocation of funds has impacted negatively on the number of lab tests being conducted. There is also a stock out of Hepatitis B kits making testing difficult in parts of Baringo north.

At the hospital in Marigat, there has been constant improvement on the hospital care seeking behavior by the community, creating a need for expansion of the hospital maternity from 5 to 12 beds. This saw the extension of new seven bed unit with an inbuilt delivery room using the free maternity funds at a cost of Kshs 1,700,000/=. A site laboratory was renovated to improve access to services. The unit is complete but still needs basic equipment like Hematology Analyzer and Chemistry analyzer. The hospital managed to stock enough supplies of commodities. Cost reduction was done through installation of energy saving bulbs in the whole hospital which greatly reduced energy consumption. The automation of the hospital was increased from 10% to 20% through procurement

of more computers and installation of Hospital Management Information System.

The aim of the department was to foster rational drug use, provide quality and efficient pharmaceutical care geared towards reduction of communicable and non-communicable disease burden. The department undertook the following under stated objectives in this quarter;

**Infrastructure:**

Currently, the pharmacy store at Eldama Ravine Hospital is under renovation courtesy of NASCOP global fund.

**Pharmaceutical supplies**

The county procured supplies for 187 facilities in the county as shown by the statement below

**Table 25 : Pharmaceutical supplies**

02/01/2018	Receipt:KEMSA-ARC-409-17/18	0.00	31,010,706.00	140,853.16

08/02/2018	Invoice Batch: 74502	20,605,254.00		21,646,107.16

The department liaised with partners such as AfyaUgavi to do commodity data quality audit for the three sub counties, proper management and reporting of commodities

In Kabartonjo hospital meetings were held to audit the mortality cases and find out measures to reduce the mortality cases in the hospital also Maternal Neonatal and Perinatal deaths discussed and near misses were discussed too, continuous medical education (CME) sessions were held. Some challenges include lack of space and infrastructure at the institution. Trainings undertaken by staff included commodity management, malaria case management and use of DHIS. Staff shortage makes it difficult for the institution to offer outpatient services for 24 hours.

In Marigat, The trend of women of reproductive age receiving family planning has seriously decreased due to the current Nursing Strike. The data shows that in January 2017 47.2% of WRA received FP commodities and dropped to 12.4% August 2017. The performance of Mogotio sub county FIC immunization coverage shows the trends really dropped from 55.3% in quarter four 2016/2017 to 35.2% in 1STquarter 2017/2018 due to the ongoing nurse's strike.

**Strategic objective 6.Strengthening collaboration with health related sectors**

On 17th January, 2018 representatives from the department met USAID officials at the office of the Governor and later at Rift Valley Hills Resort. The discussions centered on the various thematic areas that the USAID affiliate agencies support. The various agencies include: Afya Uzazi, APHIA Plus, PS Kenya, Afya Ugavi, World Vision and others.

The department met officials from Cure hospital in Kijabe in order to forge a partnership to provide care for persons with disabilities to access orthopedic services and discuss outreach services.

The meeting was held to introduce the m-health app developed by Afya uzazi which is an innovation in community based health information system.

During the week of 1st March 2018 training for integrated human resource for health (iHRIS) was held at the Afya uzazi offices which involved training 10 officers who will upload data and documents for all health staff and be responsible for updating the system. This will be able to give real time data on human resource for health. This will make it possible to effect optimum deployment and ensure appropriate skills mix.

### **Challenges**

- ❖ Stock out of HIV test kits affects provision of testing services
- ❖ Low demand for HIV services by the community
- ❖ A major challenge for the department is an insufficient resource envelop and lack of a well, structured monitoring and evaluation system
- ❖ In Marigat hospital, there is need for a minor theatre at the hospital to reduce the number of referral cases that can be handled by the 3 medical Officers at the facility. These include caesarean sections and surgical procedures (surgical toilet of gunshot wounds, appendectomies, debridement, cystectomies etc)
- ❖ Inadequate specialties such as radiographers, physiotherapists, orthopedic technicians
- ❖ Inadequate staff especially nurses and clinical officers
- ❖ Lateness in remittance of FIF and Free Maternity funds to hospitals thus stalling of services

**Note: Other projects (2017/18) are on annex 5**

**Challenges**

- ❖ Budgetary allocations for road construction and maintenance are inadequate.
  - Some of the projects had to be reviewed because the budgetary allocations were not sufficient for the scope of works required. This has caused a significant delay in the implementation of these projects.
- ❖ Lack of capacity of our contractors in terms of skills and resources
  - A significant number of contractors lack the machinery to implement projects and thus end up relying on hiring the same machines, which slows down the pace of projects.

- ❖ Lack of supervision vehicles- This makes it difficult to supervise projects effectively throughout the project implementation. It also slowed down the data collection hence delaying procurement of projects.
- ❖ Lack of adequate number of personnel to carry out supervision-The department requires more staff to carry out routine and timely supervision of projects as well as to respond to emergencies experienced especially during the rainy season.

## Units Achievements

### ICT SECTION

#### Introduction

ICT can play a significant role in the development of the county. Baringo already boasts of a number of globally competitive ICT firms and an even larger number of local startups. The county government will take steps to become paperless. It should also be possible for any public officer to conduct their work from any county premise within the county.

The County Government of Baringo will leverage ICT to increase public sector productivity by enabling the delivery of county government services for the people, communities and businesses while supporting open engagement to better-informed decisions and improving the operations of government. The county government will use ICT to deliver better services and improve operations and processes aligned with the national government policy

## **H. Department of Water and Irrigation**

The department comprises of the following sections: water, irrigation, related research, and development. The department of Water and Irrigation is mandated with the responsibility of water resource development for irrigation and to enhance access to clean and affordable water services

### **Vision**

*Provision of adequate, affordable, reliable water services for human, livestock and water for Irrigation to foster economic growth for Baringo County Residents*

### **Mission**

*To provide adequate water for Irrigation and, efficient, adequate, and sustainable water services to all county residents and livestock by the year 2030 through continuous improvement, expansion of Water Supplies and provision of good quality water.*

### **Department Objectives-**

- a) To rehabilitate and improve existing water supply systems to optimize operations and enhance water service delivery
- b) To increase coverage of water and sanitation services
- c) To provide adequate water for irrigation through construction of irrigation infrastructure to allow development and expansion of irrigable land;
- d) To ensure efficient utility management
- e) To strengthen institutional capacity
- f) To mainstream cross-cutting issues e.g. human rights

The strategic objectives above contribute to the provision of quality life for Baringo citizen as stated in the Vision 2030. The prioritized Water and Irrigation projects are meant to fast track the implementation of the County and the National strategic plans that are guided by the CIDP and the Constitution of Kenya.

### **Expenditure trends**

In the current financial year 2017/18 the water and Irrigation department was allocated Kshs 683,266,838 to fund its recurrent expenditure and development expenditures. The recurrent allocation was Kshs 113, 216,214 while development expenditure is Kshs 570, 050,624.

The budget was revised upwards to Kshs 705.09M through the supplementary budget. The recurrent allocation increased from Kshs 113.21M to Kshs 116.21M and development allocation increased from Kshs 570.05M to Kshs 588.87M.

The recurrent allocation increased from Kshs 100.11M in 2016/17 financial year to Kshs 116.21M in 2017/18 financial year and development budget increased from Kshs 424.96 in 2016/17 financial year to Kshs 588.87M in FY 2017/18.

The recurrent expenditure in the period under review was Kshs 24.49M which was slightly lower than expenditure of the same period of FY 2016/17 by Kshs 30.84 million. The development expenditure was lower than the previous review period by Kshs 30.84 million that translates to 7% absorption. The overall recurrent absorption rate was 44% and the overall absorption rate for the department was 13%.

### **Challenges:**

- ❖ The prolonged electioneering process that spilled into the second quarter, hindered the actual progress of works for all projects.
- ❖ Contractors for 2016/17 FY projects, were not swift to implement projects owing to the political uncertainty on investment.
- ❖ Delay in obtaining the facilitation of data collection/survey and designs of projects earmarked for - 2017/18 FY. Despite, the foregoing part facilitation was availed towards the end of the quarter 2 and 18 projects were concluded at procurement level.

### **I. Department of Environment and Natural Resources**

The department of Environment and Natural Resources, Energy and Mining manages the diverse landscapes and renewable natural resources for the people of the County in a manner that supports a healthy environment.

The department's programme is categorized into; environmental conservation and management e.g. construction of eco toilet, soil erosion control, protection and rehabilitation of springs and wetlands; and natural resource conservation and management e.g. promotion of agroforestry, tree planting, forest extension services, construction of fire tower

The overall objectives of the programmes is to; (i) ensure a clean, healthy and protected environment for sustainable future of the people of Baringo County; and (ii) conserve and manage the existing ecosystem functions while providing benefits to the society.

The expected outcomes are; (i) improved livelihoods aimed at achieving vision 2030, and (ii) sustainable development.

#### **Expenditure trends**

### **Comment on Value-For-Money Achievements**

- Most of the above activities /programmes are on tendering process.

### **Implementation Challenges**

#### **Lands, Housing Section**

- Lack of enough technical staff to roll out projects
- Slow pace of release of funding for planning purposes
- Lack of utility vehicles in the department hindering fieldworks
- Too much land issues/disputes which delay planning and processing of documents especially in urban areas.

#### **2. Urban Development Section**

- Less Human resource despite large areas of service provision, this hinders promptness of operations.

### **Recommendations/Way Forward**

1. The department to prioritize acquisition of utility vehicles to hasten fieldworks
2. Recruitment of more technical staff especially at Sub-County levels and the towns to reduce land cases backlogs, improve service delivery and support in implementation of projects.
3. Put more budgetary considerations to urban areas to improve on operation and provision of more social amenities.
4. Hastening the procurement processes of projects for faster implementation

### **Challenges and recommended way forward**

- a. Inadequate resources treasury to provide more funds to these service oriented department. These are a department where the effects are not immediate. However, the ripple effects will be felts in all sectors down to the grass root.
- b. Lack human resource in the sub counties and the newly erected /build infrastructure. At the moment the all three sub sectors, there no staff to facilitate implementation of the programs and activities
