A. Vision

To be the leading provider of cost effective infrastructure facilities and services in the County

B. Mission

To provide efficient, affordable and reliable infrastructure facilities and services for sustainable economic development

C. Strategic Overview and Context for Budget Intervention

The Sector has four departments namely Roads, Public Works, Transport and Housing.

The Roads department has dedicated a lot of resources in opening, rehabilitating and maintaining the existing County and Village roads. The department has so far improved over 500 kilometers of new roads. The major constraint experienced by the department has been inadequate construction equipment and the consistent heavy rainfall.

The Public works department provides designs and supervision of other departmental work like the construction of Early Childhood Development classrooms, construction of County markets, Construction of town halls, Construction of ward offices, Construction of Daraja Mbili, Market sheds and Renovation of Gusii Stadium among other County Government buildings. The major challenge for the department is insufficient financial resources.

The Mechanical and Transport Department is charged with the responsibility of the acquisition of construction equipment and their maintenance as well as ensuring smooth and efficient movement of goods and services in the County. The major constraint is inadequate construction equipment due to insufficient funding.

The Housing department is responsible for the construction and maintenance of County Government houses. The main challenge for this department is insufficient funding.

The Medium Term Budget 2018/2019,2019/2020 and 2020/2021 seeks funding for opening and maintenance of County and Village roads; construction of bus park; construction of footbridges; development and maintenance of County government buildings and other County public works.
